<b>Program Description</b>			
<p>Innovative Educational Programs is committed to raising educational achievement in both reading and mathematics. Our after-school sessions reinforce what is learned during the regular school day. Post-test scores have proven that this method works.</p> <p>Parents are considered as partners in the educational process. As such, IEP is available to meet with parents and provide them with monthly progress reports and other pertinent information in the dominant language of a student's home.</p>
